

Cloetta

Corporate Governance Report **2022**

Corporate Governance Report

The purpose of corporate governance is to ensure that the company is managed as effectively as possible in the interests of its shareholders, and that Cloetta complies with all applicable rules. Corporate governance is also aimed at creating order and establishing systems for both the Board and the Group Management Team. Well-defined structures, clear rules and processes allow the Board to ensure that the Group Management Team and employees focus on developing the business and thereby creating shareholder value.

Cloetta AB (publ) is a Swedish public limited company, with corporate identification number 556308-8144. The company's class B shares are traded on the Nasdaq Stockholm, Mid Cap. The company is domiciled in Ljungsbro, Linköping, and its head office is in Sundbyberg, Stockholm.

Framework for corporate governance

Cloetta's corporate governance is regulated by external steering instruments that include the Swedish Companies Act, the Swedish Annual Accounts Act, Nasdaq Nordic Main Market Rulebook for Issuers of Shares, and the Swedish Corporate Governance Code, as well as internal steering instruments such as the Articles of Association, instructions, policies and guidelines. The Swedish Corporate Governance Code is available at www.bolagsstyrning.se, where a description of the Swedish model for corporate governance is also provided. During the year, Cloetta complied with Nasdaq Nordic Main Market Rulebook for Issuers of Shares and good stock market practice.

Application of the Swedish Corporate Governance Code

In 2022, Cloetta complied with the Code, with no deviations.

1 Shareholders

The class B shares of Cloetta AB (publ) have been listed on Nasdaq Stockholm since 16 February 2009 and have been traded on the Mid Cap list since 2 July 2012. Cloetta was originally introduced on the stock exchange in 1994 and has been listed in a number of different owner constellations since then. At 31 December 2022, the number of shares was 288,619,299 of which 282,884,050 were

class B shares and 5,735,249 were class A shares. Each class B share corresponds to one vote and each class A share corresponds to ten votes, although all shares carry equal entitlement to the company's assets and profits. At 31 December 2022 Cloetta held 3,213,561 class B shares in treasury. The number of shareholders at 31 December 2022 was 40,032 compared to 35,689 at 31 December 2021. For more information about Cloetta's shares and shareholders, see section "Share and shareholders" on pages 41–45.

2 General meeting of shareholders

The general meeting of shareholders is Cloetta's highest decision-making body. At the general meeting, all shareholders have the opportunity to influence the company by exercising the votes attached to their respective shareholdings. The powers and duties of the general meeting are regulated by the Swedish Companies Act and the Articles of Association, amongst others. Cloetta's financial year is 1 January to 31 December. The Annual General Meeting (AGM) must be held within a period of six months after the end of the financial year. The date and location of the AGM must be communicated on the company's website no later than in conjunction with the publication of the third quarter report. Notice of the AGM must be given no earlier than six weeks and no later than four weeks prior to the AGM through publication in "Post- och Inrikes Tidningar" (the Swedish Official Gazette) and on the company's website. At the same time, confir-

mation that notification has been given must be published in Dagens Industri.

Every shareholder has the right to request that a matter be taken up at the AGM and in such case must submit a written request to the Board. In order to be addressed at the AGM, the request must be submitted to the Board no later than seven weeks prior to the AGM. In accordance with Chapter 7, paragraph 32, of the Swedish Companies Act, at a general meeting of shareholders all shareholders have the right to pose questions to the company about the matters that are addressed at the meeting and the financial situation of the company and the Group.

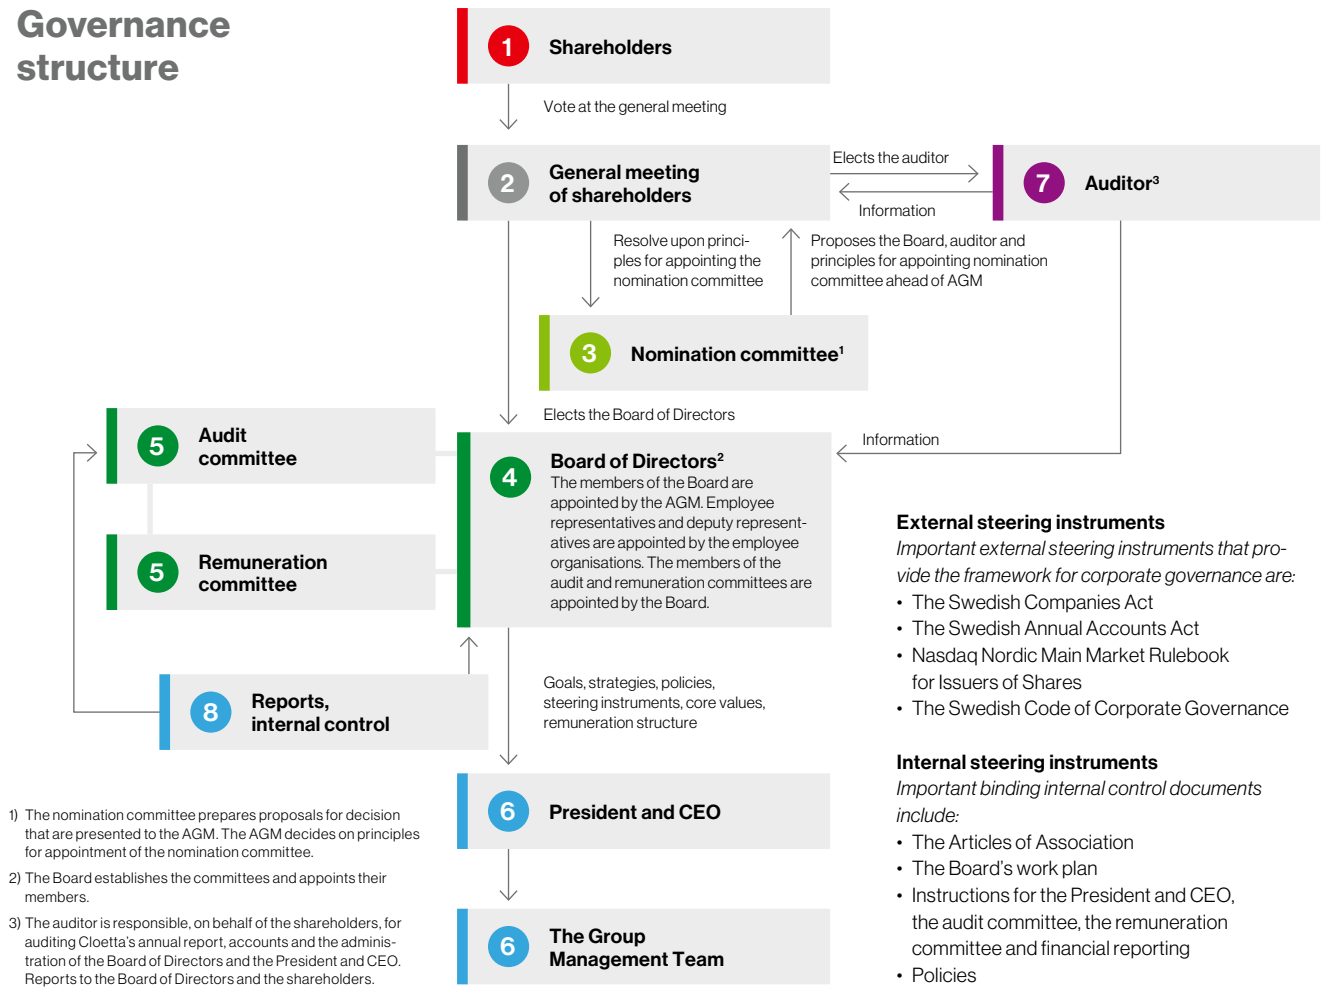

2022 Annual General Meeting

The most recent AGM was held on 6 April 2022 in Stockholm. To prevent the spreading of Covid-19, the meeting was held by a postal voting procedure in accordance with Section 20 and 22 of the Act (2022:121) on temporary exceptions to facilitate the execution of general meetings in companies and other associations. The AGM was held at Cloetta's head office in Sundbyberg with only a few participants including The Chairman of the Board, the CEO and the Group's CFO. All other Board members as well as the Lead Audit Partner of the Group's independent auditor attended via conference call due to the prevailing pandemic.

The AGM approved the updated proposals of the Board and the nomination committee regarding:

- Adoption of the balance sheet and the profit and loss account
- Approval of the remuneration report

The complete minutes from the AGM can be viewed at www.cloetta.com.

2023 Annual General Meeting

The 2023 AGM will be held on Tuesday, 4 April 2023, at 3 pm at Courtyard by Marriott Stockholm, Rålambshovsleden 50, Stockholm. The Notice of the Annual General Meeting was published in February 2023 and contained the Board's proposals. For more information, please refer to the section "Annual General Meeting" on page 156 and www.cloetta.com.

3 Nomination committee

Work of the nomination committee

The task of the nomination committee is to prepare recommendations to be put before the AGM for decisions regarding election of Board members and the Chairman of the Board, fees for the Board of Directors, potential remuneration for committee work, election of a chairman of the AGM, election of auditors, auditing fees and rules for the nomination committee. The Chairman of the Board presents an annual evaluation of the Board's performance during the year to the nomination committee, which provides a basis for the nomination committee's work together with the provisions of the Swedish Corporate Governance Code and Cloetta's own company-specific requirements. The nomination committee's recommendations for election of Board members, Board fees and auditors are presented in the notification of the AGM and on www.cloetta.com.

Composition of the nomination committee

In accordance with the decision of the AGM, Cloetta's nomination committee shall consist

of at least four, and at most six members. Of these, one shall be a representative of the Board and three shall be members appointed by the three largest shareholders in terms of voting power. The members appointed may themselves appoint one additional member.

Independence of the nomination committee

The majority of the nomination committee's members shall be independent in relation to the company and its Group Management Team, and at least one of these shall also be independent in relation to the company's largest shareholder in terms of voting power. Of the appointed members, all four are independent in relation to the company and its Group Management Team and three are independent in relation to the company's largest shareholder in terms of voting power.

Shareholder proposals

All shareholders have the right to contact the nomination committee to propose candidates for election to the Board. Proposals shall be sent to the Chairman of the nomination committee by e-mail to nomination-committee@cloetta.com.

Meetings of the nomination committee

The nomination committee held six meetings ahead of the 2023 AGM. No fees have been paid for work on the nomination committee.

4 Board of Directors

The work of the Board

The primary task of the Board is to serve the interests of the company and the shareholders, appoint the President and CEO and ensure that the company complies with

all applicable laws, the Articles of Association and the Swedish Corporate Governance Code. The Board is also responsible for making sure that the Group is suitably structured so that the Board can optimally exercise its governance responsibility over the subsidiaries and that the company's financial accounting, financial management and financial circumstances in general can be controlled satisfactorily. At least once a year the Board shall meet with the company's auditor without the presence of the Group Management Team, and shall continuously and at least once a year evaluate the performance of the President and CEO.

Composition of the Board

According to the Articles of Association, Cloetta's Board of Directors shall consist of at least three, and at most ten members that are elected annually at the AGM for a period until the next AGM has been held. On 6 April 2022, the AGM resolved that the Board shall have eight members appointed by the AGM. On 6 April 2022, the AGM elected the following Board members to serve for the period until the end of the next AGM, to be held on 4 April 2023: Mikael Norman (Chairman), Lottie Knutson, Patrick Bergander, Mikael Aru, Mikael Svenfelt, Camilla Svenfelt, Malin Jennerholm and Alan McLean Raleigh. In addition,

the employee organisation LIVS appointed one employee representative to the Board, Lena Grönedal, and one deputy representative, Shahram Nikpour Badr. The employee organisation PTK appointed one employee representative to the Board, Mikael Ström. All except one of the Board members have attended Nasdaq's stock market training course for boards and management. The average age of the Board members elected by the AGM was 57 years at year-end and three of the eight are women. For information about the Board members' assignments outside the Group and holdings of shares in Cloetta, see pages 72–73 and cloetta.com.

Diversity policy

Through the nomination committee, Cloetta applies rule 4.1 of the Swedish Corporate Governance Code as its diversity policy to propose election of directors to the Board. According to this rule, the board composition must be set with regard to appropriateness to the company's operations and phase of development, and must collectively exhibit diversity and breadth of competence, experience and background among the directors elected by the Annual General Meeting. An equal balance between the genders should be aimed for. The objective of the diversity policy is to underline the importance of appropriate diversity within the Board with

regard to gender, age, nationality and experience, professional background and business expertise. The Nomination Committee endeavours to achieve diversity and gender balance on the Board. This is evaluated each year along with a continuous process to identify future board candidates with relevant backgrounds and experience. The proposed composition of the board more than satisfies the requirements for expertise and experience, in view of the company's operations and future development. The proposed composition also met the applicable requirements including board independence, sufficient experience with listed companies and expertise in accounting and auditing.

Independence of the Board

In accordance with the Swedish Corporate Governance Code, the majority of the Board members elected by the AGM shall be independent in relation to the company and its Group Management Team and at least two of these shall also be independent in relation to the company's major shareholders. Of the Board's eight members, all are independent in relation to the company and its Group Management Team and six are independent in relation to the company's major shareholders.

The Board's instructions and policies

On a yearly basis, the Board reviews and adopts a work plan for its own activities and

those of the Board's audit and remuneration committees. The Board also adopts instructions for the President and CEO and instructions for financial reporting. Among other things, these regulate the segregation of duties between the Board of Directors, the Chairman of the Board, the President and CEO and the auditor, quorum, conflict of interest, the work of the committees, internal and external reporting, routines for notification of general meetings, Board meetings and minutes. In addition, the Board has issued and adopted a Code of Conduct and policies for Communications, Finance, HR, Inside

Evaluation of Board performance

The performance of the Board is evaluated annually in order to continuously improve the Board's working methods and efficiency. The Chairman of the Board is responsible for carrying out the evaluation and presenting the results to the nomination committee. The intention of the evaluation is to gather the Board members' views on the Board's

Organisational chart

performance, measures that can be taken to improve the efficiency of board work, and whether the Board has a well-balanced mix of competencies. The evaluation provides valuable input for the nomination committee ahead of the AGM.

In October 2022, Cloetta had a digital Board Performance Survey using the company Board portal. The results of the survey have been reported to and discussed by both the Board and the nomination committee.

Board meetings

Since the 2022 AGM, the Board held nine scheduled meetings and three extra Board meetings. The President and CEO and the CFO, who also acts as the Board Secretary, take part in the Board's meetings. Other members of the Group Management Team participate as needed to report on special items of business.

Governance and organisation for sustainability work

The overall strategies for Cloetta's sustainability work have been adopted by the Group Management Team and are controlled and monitored through business planning processes at several levels of the company. The ultimate responsibility for sustainability matters lies with Cloetta's President and CEO. Cloetta's sustainability work is overseen by the Global Marketing Director for Sustainability and the Sustainability Manager. The Sustainability Manager is the spokesperson for environmental and social issues and is responsible for identifying prioritised areas, acting as the stakeholders' link to the management team and supporting the implementation of Cloetta's sustainability agenda.

The Group Head of Health & Safety, Environment (HSE) leads the work on health, safety, and environment. All factories have dedicated HSE managers and in the rest of the organisation, managers are responsible.

5 Board committees

Audit committee

In 2022, the audit committee consisted of members Patrick Bergander (Chairman), Camilla Svenfelt and Mikael Aru. The majority of the committee's members shall be independent in relation to the company and its Group Management Team, and at least one of these shall also be independent in relation to the company's major shareholders. At least one member shall be independent and have accounting or auditing expertise. Of the audit committee's three members, all are independent in relation to the company and its Group Management Team, and two are independent in relation to the company's major shareholders. The work of the audit committee is regulated by instructions that have been adopted by the Board as part of its work plan. The audit committee is responsible for ensuring the quality of the financial reporting and the effectiveness of the company's internal control and risk management regarding financial reporting. In brief, the audit committee, without affecting the other tasks and responsibilities of the Board, shall meet regularly with the company's auditors to remain informed about the focus and scope of the audit. The company's auditor shall be invited to participate in the meetings of the audit committee. The audit committee shall meet at least four times every financial year. At least once a year, the committee shall meet without the presence of any member of the Group Management Team. All audit committee meetings must be documented. The audit committee shall inform the Board about the matters dealt with by the committee. The committee held four meetings in the period between the AGM in 2022 and the publication of this Annual and Sustainability Report.

Remuneration committee

The remuneration committee shall have no more than four members who are appointed by the Board on a yearly basis. One of the members shall be the chairman of the committee. The Board's remuneration committee consists of members Mikael Svenfelt (Chairman), Alan McLean Raleigh and Mikael Norman. The majority of the committee's members shall be independent in relation to the company and its Group Management Team. Of the remuneration committee's members, all three are independent in relation to the company and its Group Management Team. The work of the remuneration committee is regulated by special instructions that have been adopted by the Board as part of its work plan. The main tasks of the remuneration committee are to prepare recommendations to the Board for decisions on remuneration principles, remuneration and other terms of employment for the Group Management Team, to monitor and evaluate programmes for variable remuneration completed during the year and ongoing programmes for the Group Management Team as adopted by the AGM and to monitor the current remuneration structures and levels in the Group. The remuneration committee shall meet at least twice every financial year. The committee has since the AGM in 2022 until the publication of this Annual and Sustainability Report held five meetings.

Chairman of the Board

The Chairman of the Board is elected by the Annual General Meeting and on 6 April 2022 the AGM re-elected Mikael Norman as the Chairman of the Board. The Chairman shall supervise the work of the Board and ensure that the Board discharges its duties and has special responsibility for ensuring that the work of the Board is well organised and effectively executed and for monitoring the Group's development. The Chairman oversees the effective imple-

mentation of the Board's decisions and is responsible for ensuring that the work of the Board is evaluated yearly, and that the nomination committee is informed about the results of this evaluation.

6 President and Group Management Team

The President and CEO is appointed by the Board. He/she supervises operations according to the instructions adopted by the Board, and is responsible for the day-to-day management of the company and the Group, in accordance with the Swedish Companies Act. In addition, the President and CEO, together with the Chairman, decides which matters are to be dealt with at Board meetings. The Board regularly evaluates the President and CEO's duties and performance. The President and CEO is responsible for ensuring that the Board members are supplied with the necessary information to make decisions and presents reports and proposals at Board meetings regarding issues dealt with by the Group Management Team. The President and CEO regularly informs the Board and Chairman about the financial position and development of the company and the Group.

Henri de Sauvage-Nolting has been President and CEO of Cloetta since 15 February 2017. In addition to the President and CEO, on 31 December 2022 the Group Management Team consisted of the five regional presidents (one also being the Chief Pick & Mix Officer), the President of Operations, the CFO, the CMO and the Senior Vice President Human Resources. For information about the President and CEO and other members of the Group Management Team, see pages 74–75. The Group Management Team holds regular management meetings and held 12 meetings in 2022. The meetings are focused on the Group's strategic and operational development and financial performance.

7 Auditor

The auditor is elected by the AGM to examine the company's annual accounts and accounting records and the administration of the Board of Directors and the President and CEO. The auditor's reporting to the shareholders takes place at the AGM through the presentation of the auditor's report. At the AGM on 6 April 2022, the registered public accounting firm Öhrlings PricewaterhouseCoopers AB ("PwC") was re-appointed as the auditor for the company for the period until the next AGM. The authorised public accountant Sofia Götmar-Blomstedt was elected to continue as the Lead Audit Partner.

8 Financial reporting

The Board of Directors is responsible for ensuring that the company's organisation is structured in such a way that the company's financial circumstances can be controlled satisfactorily and that external financial information, such as interim reports and annual reports to the market, are prepared in accordance with the legal requirements, applicable accounting standards and other requirements applicable to listed companies.

The tasks of the Board are to oversee the Group's financial development, assure the quality of the financial reporting and internal control and regularly monitor and evaluate operations. The task of the audit committee is to support the Board in assuring the quality of the company's financial reporting. The audit committee also oversees the financial reports and significant accounting matters, as well as matters related to internal control, compliance, material uncertainty in reported values, events after the balance sheet date, changes in estimates and judgments and other circumstances affecting the quality of the financial reports.

The President and CEO ensures that the financial accounting in the Group companies is carried out in compliance with legal requirements and that financial management is conducted in a satisfactory manner. Cloetta AB's President and CEO is a member of the boards of all operating subsidiaries. Every month, the Group prepares a closing of the books that is submitted to the Board and the Group Management Team. For each financial year, a profit statement, balance sheet and investment budget are prepared and are adopted at the scheduled Board meeting in December. External financial information is regularly provided in the form of:

- Interim reports;
- The Annual and Sustainability Report;
- Press releases about important news that is deemed to have a potential impact on the share price;
- Presentations for financial analysts, investors and the media on the date of publication of the year-end and interim reports;
- Meetings with financial analysts and investors

Remuneration of the Group Management Team

Guidelines for remuneration of Group Management Team

The current guidelines for remuneration of the Group Management Team were adopted by the AGM on 6 April 2021. The total remuneration shall be market-based and competitive, and shall be proportionate to the individual's responsibilities and powers. In addition to base salary, remuneration of the President and CEO, other members of the Group Management Team and other executives reporting directly to the President and CEO can include: short-term variable compensation, share-based long-term variable compensation, pension benefits, termination benefits and other benefits.

Short-term variable compensation

Short-term variable compensation is linked to specific business targets and is derived from the annual business plan approved by the Board of Directors. The short-term variable compensation is delivered through a cash-based bonus programme. Short-term variable compensation is based on personal targets linked directly or indirectly, to the achievement of the financial targets set by Cloetta's Board of Directors.

Share-based long-term variable compensation

Share-based long-term variable compensation consists of the share-based long-term incentive plans, which are resolved on yearly by the AGM. It is aimed at increasing value for the Group's shareholders by promoting and upholding the senior management's commitment to the Group's development, and thereby aligning the interests of the Group Management Team and other key employees with those of the shareholders to ensure maximum long-term value creation. The targets for share-based long-term variable compensation are the compound annual growth rate and adjusted operating profit margin.

Pension benefits

Pension benefits vary depending on the agreements and practices in the country where the individual is employed. Defined contribution plans are strived for, which means that pension benefits most often consist of defined

contribution plans for which annual premiums are paid as a percentage of pension-qualifying salary up to the age of retirement. Variable salary and benefits are not pension qualifying unless provided by law or collective agreement. The retirement age is not less than 60 years and not more than 67 years.

The Board has the right to deviate from these principles in individual cases where there is special reason to do so.

Termination benefits

Upon termination of employment on the part of the company, the notice period shall be no longer than 12 months. Any termination benefits may not exceed one fixed annual salary. Due to employment contracts entered into by Leaf prior to Cloetta's acquisition of the company, there are contracts with members of the Group Management Team granting termination benefits exceeding 12 monthly base salaries.

Other benefits

Other benefits consist mainly of sign-on fees, severance pay and company car benefits.

President and CEO

The retirement age is 65 years. The pension terms consist of a defined contribution plan for which annual premiums are paid up to the age of retirement in an amount corresponding to 30 per cent of pension-qualifying salary, consisting of base salary. Variable compensation and other benefits are not pension-qualifying.

The President and CEO has a notice period of six months. Upon termination on the part of the company, the notice period is 12 months.

Remuneration in 2022

In 2022, the total remuneration of the Group Management Team including the President and CEO amounted to SEK 66,320 thousand (50,386) including pension benefits, and SEK 58,695 thousand (43,458) excluding pension benefits.

Share-based long-term incentive plan for senior executives

On 6 April 2022, the Annual General Meeting approved the Board's proposal for a

share-based long-term incentive plan. The plan aligns the interests of the shareholders with those of the Group Management Team and other key employees in order to ensure maximum long-term value creation.

A personal shareholding in Cloetta is required for all participants. See page 45 and Notes 23 and 28 for more information about share-based payment.

The Board of Directors' report on the remuneration committee's evaluation of remuneration of the Group Management Team

The Board of Directors has established a remuneration committee consisting of three members who prepare recommendations for decision by the Board regarding remuneration principles, remuneration levels and other terms of employment for the Group Management Team. The recommendations have included the proportional distribution between base salary and variable compensation and the size of any salary increases. Furthermore, the remuneration committee has discussed pension terms and termination benefits.

The remuneration committee is also entrusted with the task of monitoring and evaluating programmes for variable remuneration of the Group Management Team, application of the guidelines for remuneration adopted by the AGM and the current remuneration structures and remuneration levels in the company. Pursuant to paragraph 9.1, points 2 and 3 of the Swedish Code of Corporate Governance, the Board hereby presents the following report on the results of the remuneration committee's evaluation:

The variable compensation that is payable according to the guidelines is linked to both the individual's responsibility for results and the Group's profitability targets, which contributes to value growth for the company's shareholders.

Market surveys are conducted regularly with respect to salary statistics, remuneration structures and levels for variable remuneration. In the opinion of the remuneration committee, Cloetta's remuneration structures and remuneration levels have allowed Cloetta to recruit and retain the right personnel to the Group Management Team.

1) Other Group Management Team comprised 10 persons for the period 1 January 2020 up to 31 March 2021. As from 1 April 2021, other Group Management Team consisted of 9 persons.

Remuneration of the President and CEO for the financial year 2022 has been determined by the Board. Remuneration of other members of the Group Management Team and of other senior executives has been determined by the President and CEO. Since the 2022 AGM, the remuneration committee has met on five occasions. The current guidelines for remuneration to the Group Management Team was adopted at the AGM on 6 April 2021 and new guidelines have been proposed to the AGM in 2023.

In accordance with the remuneration guidelines, the Board may temporarily deviate from the remuneration guidelines, in whole or in part, if in a specific case there is special cause for the deviation and a deviation is necessary to serve the company's long-term interests. The Board has assessed that an adjusted performance measure is a better measure of Management's performance than the reported result, and has consequently chosen to use an adjusted performance measure as the basis for the examination of whether any variable salary shall be paid. This may be considered as a deviation in relation to how the current remuneration guidelines are formulated. The Board considers that the application is a necessary deviation to serve the company's long-term interests.

For more information about remuneration of the President and CEO, see the company's Remuneration Report published on the website.

The full principles for remuneration of the Group Management Team in 2023 will be presented ahead of the AGM on 4 April 2023. The proposed guidelines for remuneration mean that the variable salary shall be

linked, directly or indirectly, to the achievement of Cloetta's long-term financial targets, without it being necessary that the profit for the year, or that the other financial targets, exceed the previous year's results, even if the starting point when deciding on payment of variable salary shall be that the adjusted profit for the year exceeds the previous year's adjusted profit.

Internal control over financial reporting

Cloetta's internal control over financial reporting is based on the framework published by the Committee of Sponsoring Organisations of the Treadway Commission (COSO framework). The key objectives of Cloetta's internal control environment for financial reporting are that it is appropriately structured and effective, provides reliable reports and complies with any applicable laws and regulations.

The Board of Directors has defined policies regarding processes, roles and responsibilities that are vital for financial reporting and the internal control environment of the company.

Roles and responsibilities

The Board of Directors is responsible for establishing fundamental rules and guidelines for internal control. The audit committee assists the Board of Directors with its oversight of the performance of the company's risk management function and internal control insofar as these affect the company's quality and integrity of financial reporting. The Board of Directors and the audit committee interact directly with the external auditors.

Where the Board of Directors is responsible for establishing fundamental rules and guidelines, the President and CEO is responsible for the design effectiveness, implementation and supervision of monitoring of the internal control environment within the Group. The CFO is responsible for the design and operating effectiveness of the internal control environment within the Group. At a local level, the design and operating effectiveness of the internal control environment is the responsibility of each of the area Presidents and local and regional finance teams.

Control environment

The foundation for Cloetta's internal control environment is the company's corporate culture and behaviour, amongst others, which are reflected in:

- Performing our business with integrity and ethical values. Cloetta's Code of Conduct, Fraud policy, Whistleblower policy, anti-bribery and anti-corruption policy and trade control policy form the platform for a set of guidelines and principles built on Cloetta's core values that govern financial reporting;
- The management's conduct and working methods based on a clearly defined working process described in documents such as:
 - Rules of procedure for the Board of Directors
 - Instructions for the President and CEO
 - Instructions for financial reporting
 - Finance policy
 - Rules of procedure for and instructions to the audit committee;
- Rules for representations, commitments and disbursements to third parties clearly defined in the Group's authorisation framework;
- Processes for leading and developing employees in the organisation and the attention dedicated to these matters by Cloetta's Board of Directors.

Financial reporting competencies

The Group Management Team and local management teams ensure that the company has employees with the right competency in all key financial positions and that there are procedures in place to ensure that employees in key financial positions have the requisite knowledge and skills.

Human Resources (HR)

The guidelines and processes for management of human resources play a fundamental role in Cloetta's system of internal control and help ensure the effectiveness of internal control. Key processes include compensation and benefits, HR development, recruitment, allocation of resources, performance management and routines for feedback to the employees.

Risk assessment

Central and local risk assessments are prepared and monitored periodically. In these assessments the likelihood that risks could occur and the potential impact they may have are assessed. Furthermore, the velocity at which a risk could occur is considered. Business risks as well as financial reporting and other risks are considered in the risk assessments.

Central and local financial reporting risks are assessed with respect to account balance assertions such as existence, completeness, rights and obligations, valuation and allocation, presentation and disclosure assertions and financial impact. The internal control environment is designed to mitigate risks identified to a level considered acceptable by management.

Certain specific risks, for example risks related to taxes and legal matters and other financial risks, are reviewed proactively on a periodic basis. Risks and risk management are reported on separately in more detail in the Annual and Sustainability report, on pages 54–58. Tax, legal and other financial risks are reflected based on management's best estimate and judgement, and in accordance with the applicable

Basis for risk assessment

Existence, reported assets and liabilities exist on the reporting date.

Completeness, all transactions during the reporting period are recorded and reported.

Rights and obligations, assets are the rights of the organisation and the liabilities are its obligations as of a given date.

Valuation and allocation, all items in the financial reporting are reported in compliance with IFRS valuation principles and are correctly calculated and summarised and appropriately recorded.

Presentation and disclosure, items in the financial reports are properly described, sorted and classified.

accounting standards in the consolidated financial statements.

Fraud risk

Cloetta's Group Management Team, local management teams and the central finance team are responsible for addressing the risk of fraud and for carrying out a continuous assessment of the risk for fraud with respect to the prevailing attitudes, incentives and opportunities to commit fraud. The Board of Directors has issued a Fraud policy and a Whistleblower policy aimed at preventing dishonest and/or fraudulent activity and to establish procedures for reporting fraudulent activities to Cloetta's management and/or audit committee.

In addition to these policies, Cloetta has adopted an anti-bribery and anti-corruption policy. The purpose of the policy is to prevent bribery and corruption by any employee or third party acting on behalf of Cloetta. The trade control policy summarises potentially applicable sanctions and export control rules, and compliance procedures to be followed by all Cloetta employees. The purpose of this policy is to provide guidelines to ensure compliance with all local trade control laws and regulations including countries through which shipments or financial transactions flow.

Control activities

Control activities are the policies and procedures that help ensure that management's directives are carried out and that the necessary actions are taken to address risks that may hinder the achievement of the company's objectives. Control activities occur throughout the organisation, at all levels and in all functions. They include a range of activities as diverse as approvals, authorisations, verifications, reconciliations, reviews of operating performance, security of assets and segregation of duties.

Control activities are embedded in Cloetta's business processes and play a key role in ensuring effective internal control in the company. Local management is responsible for having all required control activities in place and maintained within their organisations. The CFO is responsible for ensuring that control activities are designed and operating effectively and are maintained centrally. The control environment is based on a balanced mix of preventive and detective controls and of automated and manual controls. In addition to a standard set of automated controls embedded in Cloetta's central ERP system, local management teams are encouraged to have as many automated controls as possible, especially for

Process for financial reporting

Monthly

Collection of information

Local units report monthly according to an established time-frame in compliance with the applicable laws, regulations and accounting practices and the Group's accounting manual.

Controls

The Group's reporting system contains embedded controls. In addition, the central finance team carries out analytical controls as well as controls of completeness and reasonability.

Processing and consolidation

Any corrections are implemented in dialogue with the affected parties. Reconciliation occurs.

Reporting

Reporting of operational and financial information to the Board of Directors and the Group Management team.

Quarterly

Audit committee

The auditor attends every quarterly meeting. Possible actions are carried out in respect of the audit report.

External reporting

Cloetta publicly discloses its interim and year-end reports through press releases and publication on the company's website.

routine transactions. Nevertheless, there are also manual control activities in place to verify that the automated controls function as intended and for non-routine transactions.

Continuous reviews are performed by the Group Management Team and local management teams to safeguard proper and accurate financial reporting. These reviews are incorporated into the business processes and are an important part of Cloetta's monitoring controls. The local management teams are responsible for ensuring compliance with relevant laws and regulations in their respective areas of responsibility. All identified financial reporting risks are covered by one or more control activities.

Monitoring and improvement

Cloetta continuously strengthens its internal control environment by evaluating the design and operating effectiveness of the environment. During the year, procedures are performed to verify the design and operating effectiveness in specific areas. These procedures are performed on a central and a local level and are intended to address any weaknesses or inefficiencies in the internal control environment. Internal control deficiencies detected through the ongoing monitoring activities or separate evaluations are reported upstream and corrective actions are taken to ensure continuous improvement of the internal control environment. On a quar-

terly basis the follow up and status of any weaknesses identified by internal procedures or external audits are reported and discussed with the persons involved and members of Cloetta's Group Management Team.

Reporting routines

An effective system for internal control requires sufficient, up-to-date and reliable information both of a financial and non-financial nature. As far as possible, management reporting is directly linked to the financial reporting and to the consolidation tool.

Local management teams report their financial results periodically and in accordance with the Group's accounting and reporting policies. This reporting is the basis for Cloetta's internal and external reporting and serves as a basis for legal and business reviews. The business reviews are carried out according to a structure in which sales, earnings, cash flow and other key ratios and trends of importance to the Group are compiled and form a basis for analysis and actions by the management and controllers at different levels. Other important and group-wide components of internal control and reporting routines include the annual business planning process and the monthly and quarterly forecasts.

To ensure the efficiency of internal control over financial reporting, reviews are carried out by the Board of Directors, the

audit committee, the President and CEO, the Group Management Team, the central finance and treasury team and the Group's various subsidiaries. Every month, financial reports are reviewed against budget and established targets, and the results of self-assessments in the Group's companies are reported. This review includes follow-up of observations that are reported by Cloetta's auditor.

The company's financial situation is discussed at each Board of Directors meeting. The Board's audit committee has important monitoring and control duties with regard to loans, investments, financial management, financial reporting and internal control. The audit committee and Board of Directors review and formally approve interim reports and the Annual and Sustainability Report prior to publication. In addition, the audit committee receives regular reports

from the independent auditor.

Communication

Internal communication

Effective communication ensures the information flows in the organisation. Separate communication channels are used to communicate internally, based on what is most effective.

External communication

It is also important to maintain communication about relevant policies with external parties such as customers, suppliers, regulators and shareholders.

External communication is carried out in accordance with legal requirements and the Corporate Communications and IR policy.

Evaluation of the need for a separate internal audit function

There is currently no internal audit function at Cloetta. The Board of Directors has reviewed this matter and determined that the existing structures for monitoring and evaluation provide a satisfactory basis for control. For certain special internal audit activities, external resources are used.
